

Copy at the bottom of the tin reads: How are you feeling right now? Disappointed? Hungry? Well, now you know how thousands of children in our area feel when they go to bed each night. Forgotten. Neglected. Through no fault of their own. That's why we made a donation in your name to Kentucky Harvest, The Center for Women and Families and The Salvation Army Angel Tree Project to help fill up what shouldn't have been empty in the first place. In the spirit of the season, warmest wishes from Dark Horse Creative.
